The repair warranty policy of BES (Biomedical Equipment Solutions) is 90 days after the repaired equipment is back in the possession of the Buyer/Customer. This warranty covers the labor by BES and the parts installed or repaired by BES.

The warranty does not apply to any equipment that has been altered, opened or misused.

The warranty does not apply to equipment that has been installed, altered, repaired, or misused in any way that, in the opinion of BES, would affect the reliability or detracts from the performance of any part of the product, or is damaged as the result of use in a way or with equipment that had not been previously approved by BES.

The warranty does not cover damage or loss incurred in transportation of the product.

The warranty does not cover replacement or repair necessitated by loss or damage from any cause beyond the control of BES, such as lightning or other natural and weather-related events or wartime environments.
